The information presented were totally new to 4 of the respondents while others claimed with some knowledge ranging between 25% and 75%

25 out of 26 respondents were satisfied with the the webinar conducted

# General comments and recommendations

---

## GENERAL FEEDBACK/REMARKS

- Great work RPHLN Secretariat! well organized and timely.
- Keep up the great work and show steady and good progress
- It is a good platform for us to get a new information
- Very informative webinar, useful data to develop in our section in animal disease diagnostic laboratory

## RECOMMENDATIONS

- Additional topics and more similar sessions are to be conducted
- To include also from established non-ASEAN to present
- To have more programme (VC) on this topics
- Share the slides or related notes and relevant materials (e.g. SOPs, checklist) in advance.
- It would be great if RPHL has some social media channels for us to follow (e.g. Facebook or LinkedIn)
